

Biography

307BW/STARBASE Louisiana

Christy Bucker, Technology Coordinator & Program Instructor

Christy Bucker is an instructor for the STARBASE Louisiana program, sponsored by the Department of Defense at Barksdale Air Force Base. She is responsible for presenting the STARBASE lessons to the many students who visit STARBASE Louisiana. She assists with the implementation of the curriculum and supports the student teachers who visit the program. In addition to her teaching duties, she has co-presented numerous education workshops at the local and state levels. In 2011, Christy became the Technology Coordinator for STARBASE Louisiana. She serves as the liaison between the Wing Computer System Administrator and support staff and the STARBASE program, maintaining software and hardware inventory and applications.

Mrs. Bucker was born in Bernice, La. She obtained her B.A. in education from Louisiana Tech University in 1997. After getting married to her husband Brian in December of 2004, she relocated to Haughton, La. Mrs. Bucker has a daughter, Briley, and a Maltese named Sydney.

Mrs. Bucker is a Louisiana state certified teacher entering the field in 1997. Before joining the STARBASE program in June 2005, she taught in Union and Lincoln parishes.
