

Biography

307BW/STARBASE Louisiana

Christine Bias, STARBASE Instructor

Mrs. Christine Bias, a.k.a. “Clover”, is an instructor at the Department of Defense STARBASE program at Barksdale Air Force Base in Louisiana. Her duties involve teaching rigorous STEM lessons that are aligned with the national Common Core standards and the Next Generation Science Standards. As a STARBASE instructor, Mrs. Bias also provides support to the other classroom instructors during lessons and helps in preparing materials for each lesson.

Mrs. Bias is from Slidell, Louisiana. She relocated to Shreveport in 2000. Her family includes her husband of 15 years, Curtis, and her three children, Galen, Gabriel, and Catelyn. Her dream has always been to educate young minds. Once her children were all attending school, she returned to college to finish her education degree from Louisiana State University in Shreveport. Mrs. Bias began preparing for her teaching career while working as a substitute teacher in the local area. Her position allowed her to gain valuable classroom experience while applying the concepts and skills she was learning to an actual classroom setting. Directly after graduation, Mrs. Bias stepped into a third grade math class at Eden Gardens Fundamental Elementary School.

In May 2017, Mrs. Bias joined the phenomenal team at STARBASE Louisiana. She thoroughly enjoys inspiring the children who come through the Department of Defense’s STEM program and sparking their interest in future STEM endeavors. Her goal is to create confident life-long learners who always persevere through any challenge.
